

Louth Academy

Aspirational Education

Ref: JWH/KC

25 June 2026

Dear Parents / Carers

I am writing to inform you of arrangements for Friday, when temperatures are forecast to reach 34–35°C.

The academy will remain open as normal and, as always, we will continue to provide high-quality education and support for all students throughout the day. However, due to the exceptionally high temperatures expected, we understand that some families may feel their child would be cooler and safer at home. If this is the case, the academy will authorise your child's absence for Friday.

Students who remain at home will be expected to complete home learning through:

- Sparx Maths
- Reading
- Recorded online learning materials

If you choose to send your child to school, we will ensure they continue to receive a high-quality education and that there are plenty of opportunities throughout the day to cool down, stay hydrated, and learn in the coolest classrooms available across the academy.

If your child is attending school on Friday, please support us by ensuring they bring:

- A refillable water bottle
- Sun cream
- A sunhat

As has been the case throughout this week, we would also encourage students to wear their PE kit to help them stay as cool and comfortable as possible.

If you have any questions or concerns, please do not hesitate to contact the academy.

Thank you for your continued support.

Yours sincerely

Mr J Hermiston
Principal
